

Health and Wellbeing

The aim:

To enable the people of Scotland to make well-informed choices about health and wellbeing

Previous Projects:

- Successful Lifescience events in 2017 held with the Industry WG with partners like EthosBio and StartEDIN
- Health Communication: Education games, a 'Health Quiz' to help engrain healthier behaviours in younger people.
- Lecture 'Tackling Health Inequalities in Scotland' – Jan 2016
- 'Addressing Hate & Violence' community workshop – July 2013
- 'The Scottish Approach to Community' workshop – March 2015

Future Plans:

- Call for new co-Leads
- Focus on Mental Health in the future
- More structure, and clear leadership from new co-leads
